PAMPERED PET BOARDING—BOARDING MY PET

Thank you for choosing BAH Pampered Pet Facility to board your pet. If your pet has never boarded with us, or has not been examined by our veterinarians in the last 6 months, a mini physical exam will be required at the cost of \$15.00 to ensure your pet is in good health. Your pet will also be checked for external and internal parasites; if any of these are found, your pet will be treated at your expense to ensure your pets comfort and to prevent the spread of parasites from one animal to another. **Your pet will also be given a capstar pill at the cost of \$5.50, which will kill any adult fleas on your pet within four hours. This is to prevent flea infestation in our facility as well as ensuring your pet does not go home with fleas.** If you would like a heartworm test to be done while your pet is boarding, please tell the receptionist. All pets are watched closely and are boarded in separate rooms to minimize contact between pets. If your pet injures itself while boarding, we will treat them at your expense. We will do everything that we can to ensure your pet has a pleasant stay at Benning Animal Hospital.

Vaccinations: All pets boarding at Benning Animal Hospital or Pampered Pet Boarding Facility must have proof of current vaccinations for parvo, distemper, rabies, and bordetella. The bordetella should be given at least 2 weeks prior to boarding to be completely effective. We can, however, administer the bordetella at the time of your pet's arrival, but your pet will still be susceptible to kennel cough.

Bedding: Your pet will be boarded in a private room and will be exercised in a large fenced in area 3 times a day, with 20 minutes individual play time each day. We will provide a nice, plush bed to relax on, but if you would rather they had their own bedding from home, you are welcome to bring it. We try to keep all bedding clean; still their personal belongings may get confused with ours during the cleaning process.

Feeding: Your pet will be fed a quality food. If your pet is picky and will not eat the food provided, we will try canned food or special food and we can also give high calorie supplements to ensure good nutrition. If you wish to bring your pet's own food, we will feed according to your instructions.

Medications: If your pet is on medications, we will give according to your instructions. There is a medication fee of \$1.06 per day.

Bathing: If you want your pet to have a bath or nail trim before pick up, please indicate so on the boarding card. We will bathe your pet the night before your pick up. If your schedule changes please notify us in advance so that we will have your pet bathed and dry by the time you pick up. You will be charged for repetitive bathing.
